FOLD AND TAPE HERE

1. Cut a circle through the stem end or bottom of the pumpkin for your cap.
2. Use a large spoon to scoop out the seeds and pulp.
3. Trim pattern along dotted line. Crease lines and tape onto pumpkin. Make sure pattern is flat against the surface.
4. Trace design by poking holes with a sharp awl or needle tool then remove pattern.
5. Cut along the dotted line of your pattern. Push the cut-out, dark gray features gently from the inside of the pumpkin.
6. Place a candle or LED light inside the pumpkin to create an eerie glow.
